

YOUTH LEADERSHIP CONFERENCE

"Making Excellence the Standard"

in partnership with the
Black Leadership Conference

(held by African American Student Union)

The Youth Leadership Conference (YLC) is a joint conference held by Georgia Tech Society of Black Engineers (GTSBE) in partnership with the African-American Student Union (AASU) specifically designed for high school students. There will be workshops about leadership, college, school, and the makings of leaders!

February 20-21, 2010
Georgia Tech Student Center
350 Ferst Drive, Atlanta, GA 30318

Registration

Online registration can be found at
gtbse.org/site/YLC.html

For Sunday registration for Dr. Mae Jemison, register at
Gtblc.org and select Sunday only.
(Tickets will be distributed after dinner).

gtsbe.ylc@gmail.com

Dr. Mae Jemison

Mae C. Jemison blasted into orbit aboard the shuttle Endeavour on September 12, 1992 as the first woman of color to go into space. Now the Founder and President of two technology companies, the space flight was just one in a series of accomplishments for this dynamic woman.

Prior to joining NASA in 1987, Dr. Jemison worked in both engineering and medicine. She was a General Practitioner in Los Angeles with the INA/Ross Loos Medical Group. She then spent two and a half years (1983-1985) as Area Peace Corps medical officer for Sierra Leone and Liberia in West Africa. On her return to Los Angeles, she worked as a General Practitioner with CIGNA Health Plans of California.

In her speeches, Dr. Jemison inspires and encourages audiences. A fierce advocate of a liberal arts education with a natural aptitude toward the sciences, Dr. Jemison addresses a myriad of topics, from general motivation, to science literacy, to technological and medical innovations, always bringing her sense of humor to each story she tells.

She takes the audience on an exciting and diverse voyage which mirrors her life, encompassing a journey from Africa to Outer Space – focusing on exploration of the frontiers of science and human potential.

Gordon Moore

S. Gordon Moore, Jr. currently serves as the Managing Partner and Director of OMED: Educational Services on the campus of the Georgia Institute of Technology. His office is responsible for the successful retention and performance of Georgia Tech's traditionally underrepresented students. He currently serves as a member of the Board of Trustees for the Georgia Tech Alumni Association, and a recently elected member of Georgia Tech's General Faculty Assembly. Mr. Moore

Trevor Williams

Trevor Williams is currently the Region III Chair-Emeritus of the National Society of Black Engineers. He has served as president of the NSBE chapter at the University of Tennessee at Knoxville. He has contributed to the organization with workshops, excellent leadership, as well as devoting much effort to the Pre College Initiative division of NSBE.
